Indian

Chief *and* Side Car

1922 - 1923 - 1924 - 1925

1926 - 1927

1928

INDIAN MOTORCYCLE CO.,
Springfield, Massachusetts, U. S. A.

Introduction

This list covers spare parts for 1922-1923-1924-1925-1926-1927-1928 Model H INDIAN CHIEF, Model HP INDIAN BIG CHIEF 74, Model SH PRINCESS SIDE CAR.

READ THIS CAREFULLY

To distinguish various models:

YEAR	MODEL	LETTER IN MOTOR NUMBER
1922	H	T (Example: 80T000)
1923	H	V (Example: 80V000)
1923	HP	V (Example: 90V000)
1924	H	X (Example: 80X000)
1924	HP	X (Example: 90X000)
1925	H	Y (Example: 80Y000)
1925	HP	Y (Example: 90Y000)
1926	H	AZ (Example: AZ110)
1926	HP	AH (Example: AH119)
1927	H	BZ (Example: BZ175)
1927	HP	BH (Example: BH195)
1928	H	CZ (Example: CZ255)
1928	HP	CH (Example: CH275)

EXPLANATION OF LIST

In this list will be found numerous parts common to the Model N. In such cases they will bear the same number as in the POWER PLUS Parts List. (Example: N-4, Fly wheel thrust washer. Found in both Parts Lists under the same number.)

The letter "S" before the part number means that this part is common to the SCOUT model. (Example: S83 Driving shaft pinion cork washer, common to both SCOUT and CHIEF models.)

The letter "T" before the part number means that the part is special to the model H INDIAN CHIEF. (Example: T1750X Chief frame.)

The letter "S" after the part number means that the part is used in 1923 models. (Example: T98S, Pinion shaft pinion.)

The letter "T" after the part number means that the part is used on 1924 models. (Example: T1620TX, Fork spring assembly.)

The letter "U" after the part number means that the part is used on 1925 models. (Example: T2105U, Clutch raybestos plate 1925.)

The letter "V" after the part number signifies that this is used on 1926 models. (Example: T56V, Driving shaft, 1926.)

The letter "W" after the part number signifies that this is used on 1927 models. (Example: T7023W, Saddle yoke, 1927.)

The letter "Y" after the part number signifies that it is used on 1928 models. (Example: T1354Y Handle bar Top 1928.)

The letter "TP" after the part number means that this part is used on the 74 cubic inch CHIEF models. (Example: T422TP, Piston for the 74 cubic inch, or otherwise known as "HP" model.)

The letter "WP" after the part number means that this part is used on 1927-74 cubic inch models. (Example: T374WP, cylinder rear model "HP" 1927.)

The letter "YP" after the part number signifies that it is used on 1928-74 cubic inch models. (Example: T1YP Fly wheel Right 1928.)

NOTE: Practically all parts for model H or 61 cubic inch CHIEF are interchangeable with the HP or 74 cubic inch CHIEF. When they are different, the letters TP, WP or YP will follow the part number.

Parts for the PRINCESS SIDE CAR will be found in the rear of this book. When the parts are common to the Side Car as used in the Model N, they will bear the same number as in the POWER PLUS and SIDE CAR parts list. (Example: N9230MX Side Car wheel.) When the parts differ they will be preceded by the letter "T". (Example: T9000X, Side car frame for CHIEF model.)

USE PART NUMBER ONLY WHEN ORDERING. DO NOT ORDER BY FACTORY NUMBER

The same factory number covers several different parts in many cases. Therefore, use the part number for each item wanted.

In telegraphing or cabling orders, it will be convenient and economical to use the code words as, where desirable, the code words can be joined to any five-letter code, thus giving a ten-letter word.

In such cases when the order can be wired within ten words, use part number to avoid errors in transmitting messages.

STATE COLOR WHEN ORDERING ENAMELED PARTS. RED IS STANDARD, AND WILL BE SENT UNLESS OTHERWISE SPECIFIED.

PARTS ORDER BLANKS should be used when ordering. We supply these free on request. Confusion and delay frequently arise by not using these blanks.

TERMS

We do not open accounts except with our regularly established selling agents. Therefore, all individual orders must be accompanied by cash, without exception. This is not to be taken as a reflection on your personal credit; it is simply to avoid our carrying on the books a multitude of small accounts, the labor of which would in many cases cost more than the parts ordered.

In establishing this rule, time is saved which is an advantage to the person ordering the parts.

ALL C. O. D. ORDERS must be accompanied by sufficient remittance to cover transportation charges.

We are not responsible for goods after once shipped. For goods lost or damaged in express and freight shipments, claims should be made by the consignee.

We do not guarantee the delivery of Parcel Post shipments. All goods sent in this manner are at the consignee's risk. No Parcel Post shipments are sent forward insured unless so specified on your order.

CLAIMS FOR SHORTAGE. Each shipment is accompanied by a Packing Slip. In cases where parts check short, this Packing Slip MUST be returned for our inspection or no adjustment will be made.

PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE.

REPLACEMENTS

Dealers and riders in many instances, when parts are broken, take it for granted that said parts are replaceable under our guarantee. Such is not the case, and parts sent in to us to be replaced are subject to our inspection for approval or rejection.

No parts will be replaced gratis which have shown defects unless the parts are returned to the dealer from whom the machine has been purchased, or to the factory.

GOODS RETURNED

Do not return any goods without our permission in writing. All carrying charges must be prepaid or otherwise we positively refuse to accept them.

When returning goods to us, either for repairs or replacement, in all instances a letter giving full and detailed particulars should be sent us.

WARNING

In keeping your machine at its top efficiency, it is mighty important that only genuine INDIAN parts are used.

The spurious INDIAN parts now being marketed trade on the INDIAN good name and entirely disregard the value and service the owner is entitled to.

Genuine INDIAN parts are made uniform and interchangeable. They do not have to be hand-fitted. Their quality and workmanship are guaranteed.

Chemical analysis shows that counterfeit INDIAN parts on the market are in every instance made of material inferior in quality to that used by us. Among the many parts we have examined, we have found bearing bronze only half the hardness of INDIAN metal. Valves are made from cold rolled steel instead of chrome nickel steel and case hardened parts so brittle as to be utterly unsafe.

Bear in mind the strain to which every part of the machine is subjected when running at high speed or on rough roads. Think of the possibilities of serious injury to yourself and wreckage of your machine from breakage of a vital part of counterfeit manufacture.

Is the risk worth the saving of a few cents more for the price of a genuine part and safety?

The market is flooded with inferior material to fit INDIAN machines, therefore insist on genuine INDIAN parts.

Remember also the guarantee becomes void immediately when a machine is fitted with counterfeits.

GUARANTEE

1. All new INDIAN MOTOCYCLES, Sidecars and Component Parts are guaranteed to be free from defects in workmanship and material. Our obligation under this Guarantee is limited to the replacement without charge of any part or parts which shall, within ninety days from the date of the original sale by the Dealer, prove to be defective and which shall be promptly returned to us, transportation charges prepaid, for our examination and decision.

2. This Guarantee shall be terminated by the alteration of our construction in any way whatsoever, by the use of devices not approved by us, by the use of any but genuine INDIAN Parts for repair or replacement or by the subjecting of the Motorcycle to misuse, abuse or neglect.

3. We do not guarantee parts of equipment or specialties not of our own manufacture, such as Tires, Magnetos, Saddles, etc. These parts are guaranteed by their respective manufacturers and, should they develop defects, should be sent direct to them.

4. When Motorcycles or assembled parts, in which defective parts are to be replaced, are sent to us, a reasonable charge for labor will be made.

5. This Guarantee is given by us in lieu of all other guarantees, expressed or implied, and all other obligations or liabilities on our part. The purchase of any INDIAN MOTOCYCLE, Sidecar or Component Part signifies acceptance by the purchaser of each of the provisions hereof. We neither assume nor authorize any other person to assume for us any other liability, in connection with the sale or use of INDIAN MOTOCYCLES, Sidecars or Component Parts.

6. INDIAN MOTOCYCLES, Sidecars and Component Parts, sold by other than our recognized Dealers, are sold without our Guarantee, unless otherwise provided.

7. When sending in parts for replacement, customer must tag same with his name and address. A letter giving full and detailed particulars must be sent to us in each case, giving the engine number to avoid delay in identifying the consignment.

SERVICE

The sale of an INDIAN MOTOCYCLE does not mark the close of a transaction, but the beginning. Only through the co-operation of the dealer and his factory by the rendering of intelligent advice to the rider and mechanical attention to his machine when necessary, will the greatest satisfaction, pleasure and efficiency of operation be obtained. The purchase of an INDIAN MOTOCYCLE commands the unapproached service facilities of factory branches supplemented by the service departments of our 2000 dealers. This organization maintained at great expense solely for the benefit of INDIAN riders offers prompt service on all orders sent to the factory. **Prices subject to change without notice.**

An amount equal to the amount of any excise or sales tax which may be payable, is to be added to all net prices based on this list.
