PARTS CATALOG

Electra Glide - FL/FLH
Super Glide - FX/FXE

1976
1961 to

GENERAL INFORMATION

This Parts catalog has been prepared for your convenience when ordering parts for ELECTRA GLIDE Models FL, FLH and SUPER GLIDE Models FX, FXE. Wherever possible parts are shown in assembly breakdown sequence. Index numbers shown in the illustrations correspond to index numbers in parts lists. Consult the illustrations when ordering parts so you are sure to get just what you want. Only the latest parts are shown in the illustrations, however, parts lists cover all parts used from 1961 to 1976.

Number in parenthesis following description of part is the quantity needed for complete assembly shown in illustration. If there is no number in parenthesis, only one is used.

Prices of all parts and accessories listed in this catalog are published separately in the latest RETAIL PRICE LIST.

The following instructions should be followed very carefully when ordering spare parts:

- Specify the correct part number on each item. Check the "Used On" column of the parts list which shows the model on which the part fits. Whenever in doubt, refer to the Vehicle Identification Number stamped on the engine crankcase.

Two types of serial numbers are used:

1. **1969 and earlier:** Serial number is located on the engine left crankcase. The first four or five digits represent the year and model – the same as shown in the "Used On" column in this catalog.
2. **1970 and later:** Vehicle Identification Number (V.I.N.) is located on the engine right crankcase and is the same as the number located on the frame steering head.

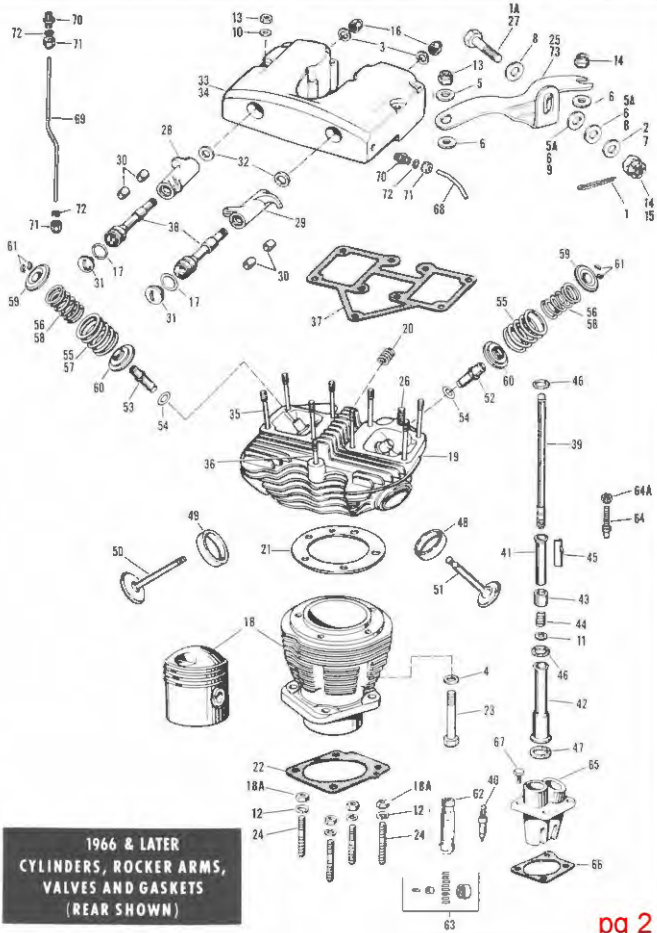

The V.I.N. (vehicle identification number) for ELECTRA GLIDE and SUPER GLIDE models are as follows:

ELECTRA GLIDE (Model)	First Two Digits (Model)	Next Five Digits (Sequential Number)	Second Last Digit (Manufacturer)	Last Digit (Model Season)
FL	1A	10000 and up	H	4-1974
FLH	2A			5-1975 6-1976
SUPER GLIDE (Model)	First Two Digits (Model)	Example:	1975 FL (1A 12150 H5)	
FX	2C		1976 FLH (2A 12151 H6)	
FXE	9D		1975 FX (2C 12152 H5)	
			1974 FXE (9D 12153 H4)	

- An asterisk (*) in the "Used On" column indicates part is used up to and including 1971 models (the latest model year covered by this catalog).
