

PARTS LIST

**INDIAN
MILITARY MOTORCYCLE**

MODEL 741

JUNE, 1943

WAR DEPARTMENT CONTRACT

W-478-ORD-3409

ENGINE NOS. GDA-32037 to GDA-35157

TM 10-1484

WAR DEPARTMENT,
Washington, February 20, 1942

TM 10-1484, Parts List, Motorcycle, Solo, Indian (Model 741)
published by the Indian Motorcycle Company is furnished for the infor-
mation and guidance of all concerned.

(AG 062.11 (4/26/41) PC (C), June 10, 1941.)

By order of the Secretary of War:

G. C. MARSHALL,
Chief of Staff.

Official:

E. S. ADAMS,
Major General,
The Adjutant General.

PARTS LIST

INDIAN MOTORCYCLE

MODEL 741

Dan Fay 4012 95th St.
276-7186

Introduction

This book contains a complete list of all parts used in the construction of the model 741 military motorcycle on:

UNITED STATES ARMY WAR DEPARTMENT
 CONTRACT NO. — W-478-ORD-3409

WITH

ENGINE NOS. GDA-32037 TO GDA-35157

All parts included in an assembly unit are indented under the assembly number where such parts may be purchased separately.

Parts manufactured by any company other than the Indian Motorcycle Company carry the original maker's number.

ENGINE AND SERIAL NUMBERS

The engine number is located on the left crankcase just below the front cylinder.

The serial number is located on the left side of the motorcycle frame at the rear axle.

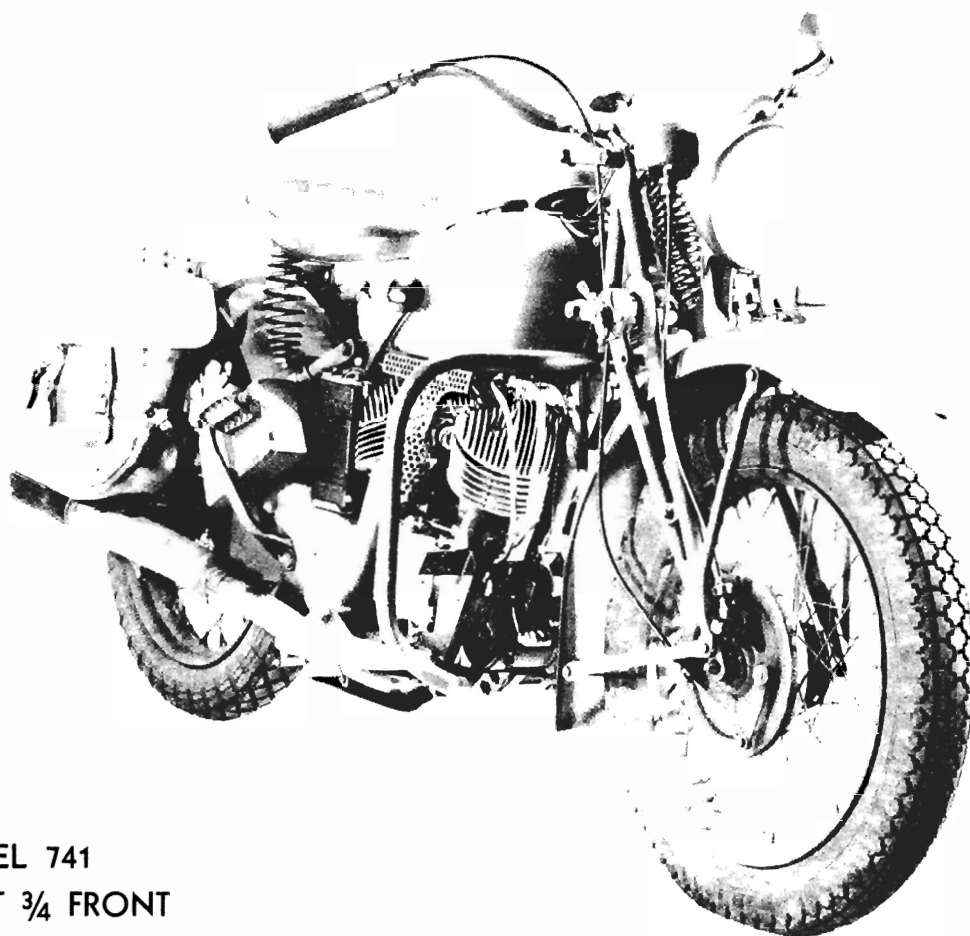

ENGINE DATA

Type.....Air-cooled 42°
 No. Cylinders.....2
 Bore.....2½"
 Stroke.....3¼"
 Piston Displacement.....30.07 cu. in.

	38439	5	Pin retaining ring	4		

All parts included in an assembly unit are indented under the assembly number where such parts may be purchased separately.

MILITARY - INDIAN MOTORCYCLE PARTS LIST

The diagram illustrates the components and assembly of the repair kit. It includes a cylindrical container (1) and a cross-section of the repair assembly (2). The assembly consists of a base (3) and a repair layer (4). The repair layer (4) is made of a material that is .002 to .010 inch oversized and is available for repair. The base (3) is made of a material that is .005 to .060 inch oversized and is available for repair. The repair layer (4) is applied to the base (3) and is then covered by a top layer (5).

All parts included in an assembly unit are indented under the assembly number where such parts may be purchased separately.

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are approximately 20 lines visible. The paper has a slightly textured appearance with some minor discoloration or foxing, particularly towards the edges. A small, dark mark is visible near the top center. The overall tone is off-white or light gray.

WARRANTY

The Indian Motorcycle Company warrants each new motorcycle manufactured by the company, to be free from defects in material and workmanship under normal use and service—its obligation under this warranty being limited to making good at its Factory, any part or parts thereof, including all equipment or trade accessories (except tires) supplied by the motorcycle manufacturer—which shall, within ninety (90) days after making delivery of such vehicle to the original purchaser—or before such vehicle has been driven 4,000 miles—whichever event shall first occur, be returned to it with transportation charges prepaid—and on which examination shall disclose to the satisfaction of the Indian Motorcycle Company to have been thus defective—this warranty being expressly in lieu of all other warranties expressed or implied—and of all other obligations or liabilities on its part—and it neither assumes nor authorizes any other person to assume for it—any other liability in connection with the sale of our vehicles.

This warranty shall not apply to any vehicle which shall have been repaired or altered by other than the Indian Motorcycle Company in any way so as, in the judgment of the manufacturers—to affect its stability or reliability—nor which has been subject to misuse, negligence or accident.

THE INDIAN MOTORCYCLE COMPANY
SPRINGFIELD, MASS., U. S. A.
