COPY OF B.S.A. REPAIRS GUARANTEE

1. Whilst the highest standard of workmanship and materials is aimed at, we cannot accept liability for any defects appearing more than three months after the machine, assembly or component has left our works after being repaired.
2. We will repair or replace at our option free of charge any defective work, materials or parts relating to the repairs carried out by us appearing within that time but shall not be under any further or other liability for any other loss or damage whether direct or consequential and our liability shall be limited to the cost of so making good. We do not undertake to bear the cost of fitting such repaired part or accessory.
3. We do not accept liability in respect of parts of proprietary manufacture, e.g. tyres, saddles, chains, speedometers, revolution counters and electrical equipment which may be used by us in effecting a repair. All other conditions and warranties statutory or otherwise express or implied are hereby excluded.

KOPIE DER B.S.A. REPARATUR-GARANTIE

1. Wir bemühen uns die höchste Fertigungsqualität zu erreichen, und wir verwenden die erstklassigsten Werkstoffe. Jedoch können wir trotzdem keine Haftung für Mängel übernehmen, die später als drei Monate, nachdem eine Maschine, Untereinheit oder Teil nach Reparatur unser Werk verlassen hat, auftreten.
2. Gemäss unserer Wahl reparieren oder ersetzen wir kostenlos innerhalb der obengenannten Frist alle schadhafte Teile, die im Zusammenhang mit den von uns ausgeführten Reparaturen stehen. Desgleichen machen wir innerhalb der obenerwähnten Frist alle fehlerhafte Arbeit gut, die mit den von uns ausgeführten Reparaturen zusammenhängt. Ferner ersetzen wir auch innerhalb des obengenannten Zeitraumes alle mangelhaften Werkstoffe, die im Zusammenhang mit den von uns ausgeführten Reparaturen stehen. Jedoch übernehmen wir keinerlei weitere oder andere Verpflichtung für andere Verluste oder Schäden, die direkt mit den von uns ausgeführten Reparaturen zusammenhängen oder als Folge solcher Reparaturen entstehen. Desgleichen beschränken sich unsere Verpflichtungen auf die Kosten der Wiedergutmachung und schliessen die Kosten der Montage von reparierten Teilen oder im Zusammenhang mit der Reparatur gelieferten Zubehörteilen nicht ein.
3. Für Teile und Zubehörteile (z.B. Reifen, Sattel, Ketten, Geschwindigkeitmesser, Umdrehungszähler und elektrische Ausrüstung), die nicht von uns hergestellt werden, anderer Herkunft sind und bei von uns ausgeführten Reparaturen Verwendung finden, übernehmen wir keinerlei Haftung. Alle anderen Bedingungen und gesetzlichen Verpflichtungen, die hier nicht ausdrücklich erwähnt oder miteinbegriffen worden sind, sind von der vorliegenden Garantie ausgeschlossen.

B.S.A. SERVICE

(UNITED KINGDOM ONLY, ROYAUME UNI SEULEMENT, NUR VEREINIGTES KONIGREICH, REINO UNIDO SOLO)

When you purchase a B.S.A. machine you become the owner of a product which is backed by the most comprehensive motor cycle service in the world. The following notes are intended to give a guide to the facilities to the B.S.A. owner. Detailed information on any aspect of B.S.A. service may be obtained by discussion with your B.S.A. dealer or on application to the factory Service Department.

REPLACEMENT PARTS

The moderate price at which B.S.A. replacement parts are available, has been maintained by making full use of trade distribution channels, with the consequent advantages of large consignments delivered from the works with lower handling, packing and transport costs. For this reason, we do not normally supply spares direct to individual owners, and all requests for replacement parts should be made to your local dealer or spare parts stockist. All B.S.A. dealers carry stocks of B.S.A. replacement parts, but the officially appointed spare parts stockists, whose names and addresses are quoted in the following pages, maintain an extensive and comprehensive range. B.S.A. owners are strongly advised to fit genuine B.S.A. replacement parts only. Risks are incurred in not always insisting on the genuine component, and these risks are eliminated if parts are purchased only from our recognised dealers.

B.S.A. EXCHANGE REPLACEMENT SERVICE

The B.S.A. Exchange Replacement Service is of great value to all B.S.A. owners. It is particularly useful to those who rely on their machines for daily transport, and who cannot afford to have them off the road for more than a few hours at a time. Under this scheme the owner can exchange any worn or otherwise unserviceable unit, such as engine, gearbox, forks or wheels, for a fully-guaranteed factory-assembled replacement unit. These units are ready for immediate use, and are supplied at fixed prices on the understanding that the old units which they replace are not damaged to a degree where they are not capable of being reconditioned.

All genuine B.S.A. Exchange Replacement units carry the full three months warranty. Most B.S.A. dealers and officially appointed spare parts stockists are able to supply genuine exchange unit from stock. If this cannot be done, they can obtain the unit for you quickly from the works, and make arrangements for it to be fitted to your machine, afterwards returning the old unit to us. In this way the machine need only be off the road long enough for the conversion to be made. Full details of this scheme can be obtained from your B.S.A. dealer, and an explanatory leaflet and price list will be sent upon request to B.S.A. Service Department.

- (4). All goods consigned to us must be sent carriage paid.
- (5). Immediately we receive a part for repair, an acknowledgment and confirmation of your instructions is posted to you. If you have occasion to enquire by letter or telephone about the progress of the repairs, please follow the instructions printed on your form of acknowledgment.

SERVICE LITERATURE

An Instruction Book is supplied free of charge with each machine and contains all the information required for routine maintenance, and top overhaul. For the normal owner this book will cover all the work that he is likely to undertake. Further copies of Instruction Books to cover all post-war and most pre-war models are available from the Service Department.

For the guidance of dealers and other skilled mechanics, the Service Department also issues Service Charts to cover each model. These Charts contain detailed instructions for complete dismantling and overhaul, and describe the special tools and jigs which are necessary for this purpose. The B.S.A. owner who has considerable mechanical experience, and feels that he is competent to carry out this more skilled type of work may obtain copies of the Service Charts from the Service Department.

Additional Instruction Books are priced 3/- plus 6d. postage, and the Service Charts 1/8d. plus 6d. postage. The complete set of four charts covers dismantling and rebuilding the entire machine.

HOURS OF BUSINESS

Our Service Department is open from 8.30 a.m. to 5.30 p.m. Monday to Friday, excepting holiday periods and we are pleased to see B.S.A. owners, and if necessary, to inspect and advise on the condition of their machines.

We cannot guarantee, however, to be able to service any machine if a call is made without an appointment, and even when calling by appointment, an owner should be prepared to leave his machine with us, in case the work cannot be completed on the same day.

A commissionaire is always on duty to receive machines brought to the Service Department by appointment, at any time of the day or night, on any day of the week, and similar arrangements are made for collection. Any machine delivered to us after hours should, however, be accompanied by full instructions in writing, together with the owner's name and address.
